

# RAIN HOOD

when **communication is critical**

## DESCRIPTION

The 62995 Rain Hood provides extra protection for a STENTOFON station by shielding the station from the extremes of weather. The extended hood protects rain or ice from penetrating the speaker and microphone, keeping excessive moisture off the station.

The rain hood should be used when installing a 62927 or 96257 station outdoors. The rain hood is made of 5052 aluminium which provides excellent corrosion resistance and strength. Rain hood material conforms to Federal specifications QQ-A-250/8. The hood is painted high visibility yellow for easy locating.

## SPECIFICATIONS

Size:	8" W x 5 3/4" H x 4" D
Color:	High Visibility Yellow
