- Combined wall and desk master station with full access to all features in Stentofon AlphaCom E exchange
- Complete with a 2 x 16 character alphanumeric display providing caller identification, on-line help and a directory list
- 10 programmable single touch keys with name tags
- Handset for confidential conversation
- Selectable private / open mode
- Electret microphone with automatic sensitivity adjustment
- 1 W loudspeaker and volume control bar

DESCRIPTION

This combined desk top and wall mount master station gives full access to all features in the STENTOFON AlphaCom E exchange. The station includes programmable single touch keys, handset and a 2 x 16 character alphanumeric display providing caller identification, on-line help and a directory service amongst other features. The station is also equipped with a private / open switch for choosing between direct incoming calls and announcement of calls by a ringing tone.

An 1W (63 Ohm) loudspeaker is provided along with a volume control bar. Further, the station's electret microphone automatically adjusts its sensitivity according to the input level. When in conversation, the station's red lamp lights to indicate that the microphone is live. The station must be provided with a cable for connection to a wall socket. Alternative cable lengths and wall plugs are available (see next page). Required cable must be ordered separately. A bracket is included for wall mounting of the station.

Two pair twisted telephone cable (0.5 mm2 / 24 AWG) is required between the exchange and the station, which can be positioned up to 1400 meters / 4600 feet away from the exchange (maximum 240 0hm loop resistance). Longer distances are possible with heavier wires.

SPECIFICATIONS

Order Number	1007034310
Operation Voltage	Powered from exchange
Cable Requirements	2 pair twisted cable 0.5 mm2 / 24 AWG. (Max. loop resistance 240 Ohm)
Temperature Range	0° C to +40° C, +32° F to +104° F
Humidity Range	10% - 85% RH (non condensing)
