WEIDMÜLLER DIN RAIL TERMINAL BLOCKS (STANDARD BEIGE)
### SAK4, SAK6

DESCRIPTION

Weidmüller

Model SAK4 and **SAK6** DIN rail terminal blocks offer a modular design for flexibility in layout and reduced installation time. The standard color is beige for the terminal blocks and accessories, but other color terminal blocks are avaiable. The **Model SAK4** offers maximum circuit density while the **Model SAK6** offers the convenience of larger screws for conventional screwdriver installation. Double-stacks and fuseholders are available. The markers are side mount in horizontal printing.

FEATURES

- • **Wire secured by ribbed compression clamp**
- • **Universal DIN rail mounting**
- • **Reduced installation time**
- • **Block removable without displacing adjacent blocks**
