USB Button for VS-Client

# **DESCRIPTION**

- USB Button for controlling the VS-Client
- Accept and terminate call
- Switch between duplex mode and push to talk
- LED indicators showing call state
- Polished steel base with non-slip sponge rubber

This button is connected to an available USB port on the PC and all neccessary drivers are automatically installed. Actions on the button are detected by the VS-Client as long as the application is running and it is not dependent on the application having focus.
